

Marc Antrim has stepped down as Business Agent for ACOA to explore another opportunity. Marc had been active with us even before coming over officially, helping with Legislators/Legislative issues and testifying in both grievance and interest arbitrations. Depending on his future commitments, Marc will continue to be a part of ACOA. He has agreed to work with us as a consultant, not only in regards to the new prison and staffing issues involved there, but as before, advising on all Corrections issues. As time permits with his new endeavor/s, Marc will continue to work on C.O.s' behalf in Juneau/Legislature and other ACOA projects.
