Best Car Repair — Let's face it, broken cars can give us bad feelings, trepidation being one. But it's how you feel leaving the shop that means the most, and our readers feel good about

Curry's Truck and Auto Center (3901 Taft Dr., just off Spenard Rd., 868-3626). Owner Michael Curry says they don't just fix your vehicle at Curry's, they explain why it broke and how repairs and estimates are done. "I'm more of a teacher," Curry says. "This is my name on this business and nothing's going out if it's not done right."
