Subject: One last e-mail

Hello again Sir,

I hope you are just really busy and have not had time to respond to our request. I also believe you are a man of your word. You said if there was anything we needed just call. Well this is my third e-mail to you and I haven't received a response yet. Once again I hope you will publicly come out in support of your employees arbitrated settlement. It is obvious by your past quotes that you believe in the grievance and arbitration process. Eventually the press is going to ask you for a statement, it's up to you how you want to be remembered by your Officers. You can give me a call anytime. Thanks!
